

MAKING A DIFFERENCE IN WEST HAMILTON'S COMMUNITIES

West Hamilton Wraparound is a community-based support program assisting individuals and families in finding solutions to complex needs. It identifies individual and community strengths to help people overcome personal challenges while remaining in their homes and neighbourhoods.

A Wraparound Facilitator works directly with an individual or family to identify needs and develop a unique plan to meet those needs, wrapping professional and other community resources together into creative solutions.

WHAT WRAPAROUND IS ABOUT

West Hamilton Wraparound is part of a growing grassroots support network which is being developed in numerous communities throughout Hamilton and across Ontario.

Wraparound Facilitators are professionally trained in assessing needs and strengths to develop unique support plans for participants.

A community resource team assists the Facilitator in mobilizing community resources so that they can be readily used to support participating individuals and families.

Wraparound builds on the strengths of its participants and the local community to find solutions to complex life situations.

WHO CAN BENEFIT?
